

**Basin School District
Student User Agreement
For Computers**

Student Name: _____ (Please Print)

Computers are available throughout the district for student use. Students have the opportunity to use the internet, Microsoft Office products and other software that is pre-installed.

The use of the district's computers is a privilege, and parental (guardian) permission prior to a student's being granted permission to use them is required. A parent's signature on this form indicates that the parent has given the student his/her permission to use the computers and signifies that he/she supports the school in its acceptable use criteria. Additionally, a student's signature on this form indicates that he/she will abide by this acceptable use policy.

Many Internet sites are inappropriate for student use. The district has implemented a filtering system that eliminates access to many sites; however eliminating access to every inappropriate site is difficult. Use of the district's computers must be for the appropriate education of students and be consistent with the educational objectives of this district.

The district reserves the right to monitor all computer usage. A student's computer use privileges may be revoked and he/she might be subject to further disciplinary action for inappropriate use.

I agree to abide by the rules established in this agreement.
